The figure is a dot plot with a light gray background and white horizontal grid lines. The x-axis is labeled 'Visit Number' and has four categories labeled 1, 2, 3, and 4. Categories 1, 2, and 3 each have three small black circles (dots) plotted at the same height. Category 4 has a blue box plot. The box plot has a lower whisker at 2, a box from 3 to 4, a median line at 3, a mean line at 4, and an upper whisker at 5.
